

Welcome to Your Neighborhood Center!

Neighborhood City Halls brings City Services to YOU!

Need a city service? Then let US come to YOU!

The opening of our new Neighborhood City Halls brings convenient government service to you and your area. It is our mission to make accessing City services easy for you by providing a convenient neighborhood location and a customer-friendly setting. This is all now available to you... in your own backyard. What kind of services can you access? If you:

- Have an issue? Meet with your City Council member.
- Are working on a project? Use our public computers with **FREE** Internet access. That's right, free! Just sit down and start working. The high-speed Internet connections make work and play fun and easy.
- Have a service question? Meet with City representatives including community police, central inspection, housing or any other departments.
- Want to get involved with your neighborhood? Attend a District Advisory Board or neighborhood association meeting.
- Need a place to host a home owner or neighborhood organization meeting? Utilize this facility.
- Want to take a Parks and Recreation program or Community Education course? Enroll here.
- Need libraries services or health services? Access their services in most locations.

All kinds of City business can be conducted from the Neighborhood City Halls. Get neighborhood assistance, licensing, reservations and so much more... just around the corner in *your* neighborhood!

Recreation is Fun

City of Wichita Park & Recreation Department serves Wichita with 10 staffed recreation centers throughout Wichita, four locations are in the Neighborhood Centers. They offer a variety of activities with something to see and do for any age. From fitness and sports to arts and crafts, there is plenty to see and do. What about learning to play the guitar or interior design? Each

location has new class lists for every season. One should be right for you and your family to enjoy!

Community Education Creates Lifelong Learning

Community Education is available at each of the Neighborhood Centers. This program links resources to address the identified needs of individuals and families in your community. It provides lifelong learning opportunities to assist and empower community members to improve their quality of life. Lifelong learning is the belief that learning is not limited to and age and should occur from cradle to grave. Learning, formal or informal, can be of benefit to all people. We're creating a community of Lifelong Learners. Sign up for a class or volunteer to teach at your Neighborhood City Hall!

Stay Healthy

Three of our Neighborhood Centers – Colvin, Stanley Aley and Evergreen – all have Health Services located within the building. They offer Preventative Health Services such as immunizations and family planning. Nutrition education and food vouchers are available for income-eligible candidates through the Women, Infants and Children (WIC) Program. Public Health prevents disease and promotes a healthy lifestyle.

Library Services Next Door

The Public Library is a community-focused system that provides access to resources, services and facilities necessary to meet the informational, educational and leisure needs of the community. There are two locations that have library services: Colvin and Stanley Aley. Stop in and pick up a book or do research for your project. Then remember to head back to the Neighborhood City Hall to utilize their free computer system complete with Internet access!

Neighborhood Inspectors Work for You

City of Wichita Neighborhood Inspectors respond directly to citizen requests and complaints and help protect the value of existing real estate. A Neighborhood Inspector will be housed at each Neighborhood Center to enhance district services and code enforcement. This service will help make your neighborhood an even better place to live. Visit your Neighborhood Inspector at all four locations!

Community Policing Serves and Protects

With community policing, officers are trained to work in partnership with citizens, schools, neighborhood and community organizations, businesses and service providers to identify neighborhood problems and concerns then develop viable solutions. Police officers work to empower and mobilize the neighborhood residents to participate in expanded crime prevention and community affairs, giving them a sense of ownership and responsibility for their own neighborhood and the larger community. Community Police will be available for you at each location.

All this and more is located in YOUR Neighborhood Center!
